Ship ore from his Rough Rider mine in Walnut Grove district. The judge says that the mine continues to look well.

Mr. Clifford is well equipped to develop the property as it deserves and will no doubt employ a great shaw district.

The Grante reports that Dr. se also held that a grant of a spring does not, by implication, convey percolating water before it reaches the spring. Water running through a fissure or hole in bedrock below the surface, but not flowing in a well-defined channel underground, is deemed perco-

lating water. FOR THOSE WHO CYCLE.

The horse wanted good roads, the bicycle has tried to get good roads, the automobile must have good roads.-L.
